“Academic Leadership for Campus Sustainability”

(April 8-11, 2019)

Human Resource Development Centre, Integral University under the aegis of UGC-HRDC Aligarh Muslim University, Aligarh successfully conducted a Four days Training Program on “Academic Leadership for Campus Sustainability”(April 8-11, 2019), under the banner of Centre for Academic Leadership and Education Management (CALEM), Ministry of Human Resource Development, Government of India.

In the inaugural session, Dr. Syed Aqeel Ahmad, Director HRDC, Integral University welcomed the participants and also wished them success in their course pursuit. In his welcome address, he stated that campus sustainability is to be pinched by the green and safe environment. He further added that Integral University is known for its lush, green and growing campus. He encouraged the participants to attend all the sessions of the Program regularly. He requested the participants to be serious about campus sustainability for the better and sustainable future for the entire nation.

Prof. M. A. Khalid, Head Department of Environmental Studies and DSW, Integral University, the Guest of Honour of the Program reflected on the importance of the subject.

Prof. Aqil Ahmad, hon'able Vice-Chancellor (Acting), Integral University, the Chief Guest of the Session asked the participants to sensitize themselves for the sustainable environment not for the campus only but also for the living. He said that, although, we construct big bedrooms for our living with proper air circulation but we ignore our kitchen where we have less breathing space, hence, there is a need to optimize our land. He ended his words by requesting all the participants to perform diverse roles to reach the objectives. The first two sessions of the program were held by Prof. M. A. Khalid, Head Department of Environmental Studies and DSW, Integral University on “Campus and Managing On-campus Bio-diversity Parks)” wherein he highlighted the various ways to enhance campus sustainability by adopting environmentally effective ecosystem. In the third session of the day, Prof. M.A. Khalid spoke on “Ways of Maintaining

Campus Biodiversity”. In the Last Session of the day Mr. Zishan Raza Khan Dy. Director HRDC, Integral University encouraged the participants towards campus sustainability by guiding the participants to Visit campus wherein all the participants have exposed to the lush green Integral University Campus.

The next day started with sessions of Dr. Arshad Hussain, Department Civil Engineering, University Polytechnic, AMU Aligarh. In his first session he shared his wisdom on Wastewater Management methods and Carbon neutrality and preparing carbon budget tools to ensure sustainability. In his session, he emphasized on various sources of Ground Water Contamination in this modern lifestyle as we are discharging the wastewater without any screening or treatment into the ground which affects our environment. He encouraged the participants towards the treatment of water by identifying the constituents of wastewater and its characteristics. He also mentioned that our rivers are becoming polluted which impart its effects on Agricultural Economy as well as on aquatic life. He ended his session by raising an alarming concerns towards the implementation of wastewater management techniques, improper ground water distribution system, controlled use of heavy metals and environment impact assessment initiatives, river and lakes conservation programs priory on ground level in accordance with higher levels if we really want our rivers to be pollution free and to make our environment sustainable.

In the second half of the second day, Dr. Frahan Fazli, Department of Architecture, AMU, Aligarh talked about the Sustainable Architecture where in he explained the various forms of sustainable architecture adopted by Oxford University, Jamia Milia University and Aligarh Muslim University, Aligarh. He added that we have to restore and respect nature by modification. He told that there is a need to promote and build an eco-friendly sustainable campus to attain sustainability. He added that we have to restore and respect nature by modification. He also mentioned those architectural

elements such as adequate light and ventilation while executing building construction is a must achieve a sustainable structure.

In the Third day, eminent personality Prof. Wajahat Hussain spoke on “Green Gardening Indoor and Outdoor Plants”. In his interesting and scholarly session, he encouraged the participants about the role of plants in our life. He said that green plants are the source of various rare and costly packed materials which we use daily in our lives such as tea, coffee, fruits, vegetables, cereals, oil and most important oxygen which is required for all of us to survive hence there is a need to think and implement strict rules and regulations towards life degrading activities such as Deforestation. He said there will be no life on the earth if green plants are not there. He further highlighted that two-third population in the entire world is surviving on wheat and another one third is surviving on Rice as their only source of food. He added that plants and flowers both are the innocent creations of God Almighty and our behaviour towards them are very casual. Beautiful flowers are the stars of the earth as the sky is incomplete without the stars— likewise flowers are the starts on the ground which originates from plants. He explained various types of flowers which are rare and very unique in nature like Giant water lily, broken heart. He ended his session with a quote “Green Plants are the Lungs of the world,” hence, a forestation is very essential to overcome the devastating effects of Deforestation. Prof. T Usmani, Director Solar Projects, Integral University talked about the ‘Roof Top Solar PV System’ through a field visit in the Campus which encouraged the participants as they can actually see the solar panels installed in the roofs of Integral University which exhibits an eco-friendly way of 1 MW power generation by utilizing one single source. Later Dr. Frahan briefly explained the working procedure of Solar panels, power generation methods, and installation of a solar system which enables the participants to understand how solar energy is being used to generate electricity without causing harm to the environment.

Dr. Ali Jafar Abedi, Department of Community Medicine, AMU, Aligarh in his session stated that issues related to sanitation and public health. He reflected that urban waste is a major concern recently which is a breeding ground for flies, mosquitoes, and rats. He explained about the categorization of non-liquid and non-soluble materials ranging from municipal garbage to industrial waste that contains complex and hazardous substances which are the prime source for environment degradation. He added that major activities which we perform daily are contributing towards the waste generation hence there is a need to perform several activities to counter fort the harmful effects of solid waste. He highlighted that Solid Waste may lead to epidemic outbreaks as rising urbanization and change in lifestyle, food habits lead to the rapid increase in the amount of municipal solid waste which is an alarming concern to achieve sustainable objectives, he said that we need to plan urbanization to sustain ecological balance by implementing the concept of 5 Rupees which include Reduce, Reuse, Repair, Reuse and Recycle in respect with waste disposal methods such as landfill, incineration, composting and manure pits.

In the four-day training program, the distinguished speakers namely, Prof. A. K. Saxena, Prof. M.A. Khalid, Prof. Wajahat Hussain, Prof. T. Usmani, Dr. Arshad Hussein, Dr. Farhan Fazli, Dr. Ali Jafar Abedi and Mr. Faiz Ahmad spoke on various topics of their expertise i.e. “Creating and Managing on Campus Biodiversity,” “Ways of Maintaining Campus

Biodiversity,” “Waste WaterManagement,” “Understanding Carbon Neutrality and Preparing Carbon Budgets,” “SustainableArchitecture,” “Roof Top Solar PV System,” “Solid Waste Disposal,” “Green Gardening Indoorand Outdoor Plants”.

The participants came from many of the esteemed institutions such as Amity University Lucknow, Azad Institute of Engg. and Technology, Lucknow, Dr. Shakunta Mishra National Rehabilitation University, Lucknow, BBD University, Lucknow, Feroz Gandhi Institute of Engg, Technology, Rae Bareilly, Dr. MC Saxena Group Of College, Lucknow, IILM Higher Education Lucknow, National PG College, Lucknow, RR Group of Institution, Shri Gurunank Girls Degree College, Lucknow, Institue of Management and Research, Lucknow, Sacred Heart Institute of Management and Technology, Lucknow.

In the Valedictory Session, Prof. Syed Aqeel Ahmad, Director HRDC, Integral Universitycongratulated the participants and wished them good luck for their ad infinitum success for their future endeavours. Prof A.K. Saxena, Dean Faculty of Commerce and Management and Director IQAC,Integral University, the Guest of Honour of the Session said that Campus sustainability is achievedby adding collaborative efforts towards growth and sustainability. He pointed outthat building sustainable infrastructure is not enough to gain sustainability, each and every individual residing and working in the campus is equally responsible to execute tasks towardssustainable growth and development to make the campus sustainable for all living beings.

Prof. Aqil Ahmad, hon'ble Vice-Chancellor (Acting), Integral University, the President of the Session mesmerized the audience by his poetic, jovial and short interaction. He described that commitment and dedication of an individual makes the efforts sustainable to develop a sustainable eco-system. The training program was hosted by Dr. Asma Farooque and Dr. Tariq Faraz. At the end, Mr. Zishan Raza Khan, Dy Director, proposed the Vote of Thanks. He acknowledged the support of UGC-HRDC, AMU, Aligarh and congratulated the **TEAM CALEM**, Integral University and all the volunteers for their untiring help and support.
