

Attacking reagents in Organic Chemistry

Prof. D. S. Negi
Department Of Chemistry
HNB Garhwal University

Introduction

- ▶ This video explains about the electrophiles and nucleophiles.
 - ▶ Formation of electrophiles and nucleophiles
 - ▶ Application of electrophiles and nucleophiles in reaction mechanism
- 

Objectives

- ▶ To expose the students about the basics of reaction mechanism in organic chemistry.
- ▶ To understand about formation of ions that can be used for reaction mechanism

Contents

- ▶ Introduction
 - ▶ Basics of Electrophiles and Nucleophiles
 - ▶ Applications
- 

Thank You
